Stock

The products shown on this website are only a selection from the CAMPER catalogue. This collection has been specially chosen for the CAMPER online store.

The availability of our products is in real time. Please note that items in the Camper Bag are not reserved, and may be purchased by another customer. This means that it is possible that some selected products are not in stock when you go to make the purchase. If for any reason, once the purchase has been made there is no stock of the product purchased, we will inform you by email and offer you the possibility to, if possible, wait until we replenish the stock in which case we will offer you a new delivery date, or the refund of the amount paid for the product together with, where appropriate, the shipping costs that you would have paid for it.

Our products change every season.

Making a Purchase

CAMPER uses the following purchase procedure:

You must select and add to the Camper Bag the item(s) you want to purchase by clicking on the Camper Bag icon that appears on the website.

The Camper Bag will include the reference number of the selected item(s), name, size and price (including VAT).

In the same bag, we will show you a list of the item(s) you have available to buy, and the total price (including VAT and shipping costs). This is where you will be able to access your account to process your order if you are already registered. If you are not, you can register or continue with the purchase without needing to register.

Once the item(s) have been selected, you will be able to enter your promo code if you have it. Please note that the offer code, its use, duration, possibility to accumulate other offers or not, and other characteristics of it will be subject to certain special conditions that will be indicated to you at the time the code is provided.

Then you must click on "Confirm Purchase". You must complete the order form. In this order form you must indicate your personal data and payment information in order to process your order. Please note that all data must be completed correctly to avoid confusion and problems when shipping the purchased item(s).

The verification of such data will be your sole and exclusive responsibility. CAMPER will not be responsible for the errors and inaccuracies of the order if it had sent the Products contained in the order confirmation.

Once you have reviewed your data and the order, you must read and accept the purchase conditions and the privacy policy, and finally click on "Confirm Purchase".

Order Confirmation

Once you have made your choice and issued the order, you will receive an email from CAMPER confirming that your order has been registered (order confirmation). This order confirmation will include, but is not limited to, information regarding the identification of the purchased item(s), the total price (including VAT and shipping costs) and delivery details.

If you make a mistake when placing your order, please contact our Customer Care team where we will be happy to assist you. However, always make sure to review your order before confirming your purchase. Before confirming, you have the option to edit the information you have entered, such as the shipping or invoice address or your credit card details; you can also change or delete items included in your Camper Bag.

If an error occurs in the message, it can be a temporary communication problem with the network or an error when writing the email address provided. In both cases, please contact our Customer Care at customercare@camper.com. We reserve the right not to accept your order if, for example, it is not possible to obtain payment authorisation, if shipping restrictions apply to a particular item, or if the item is not in stock. If the latter occurs, we will inform you by email and offer you the possibility to, if possible, wait until we replenish the stock in which case we will offer you a new delivery time, or the refund of the amount paid for the product together with, where appropriate, the shipping costs that you would have paid for it.

Pricing Policy

The prices shown on this website are in Euros and include all applicable taxes, with the exception of those that are expressly excluded. All prices and offers will correspond to those published on the website. The price of the products displayed on this website at the time of order confirmation will be valid, except in the case of typographical errors. CAMPER shall not be liable for any special fees, customs duties or additional delivery costs. The prices listed on the website cancel all those previously published and are valid at the time of publication. CAMPER reserves the right to change its retail prices at any time, except for orders that have already been placed.

Payment Methods and Security

It is possible to place orders at any time, 24 hours a day, every day of the week.

We offer various payment methods depending on the destination country. You can confirm the payment methods supported in your country [here](#).

No other form of payment will be accepted, except for those mentioned above.

In the case of credit/debit card payment, you must confirm that the credit/debit card you are using is yours or that the cardholder has authorised you to use it. Credit/debit card holders are subject to validation and authorisation checks by their card issuer. If your card issuer declines to authorise payment to CAMPER, we will not be responsible for any delay in delivery.

We will do our best to make this website safe. In order to ensure the security of payment transactions, CAMPER uses a secure payment system. This means that all sensitive data (e.g. credit card number and expiration date) is encrypted and transmitted directly to a secure server, using Secure Socket Layer (SSL) technology.

Payments made through digital payment platforms, such as PAYPAL or Alipay, will be directed to the appropriate page so that you can log in and pay through the secure services of those platforms. The use of these services may entail additional costs arising from the fees charged by these entities which must be paid by you. These costs will be indicated in each case, and always before proceeding to confirm the purchase.

If you select the cash on delivery option, to confirm the booking of your products, it is necessary to follow the steps indicated in the email that you will receive in your email within the first 72 hours after purchase. Once this time has elapsed, the system will automatically delete your order. This payment system has a surcharge of €5 and may result in a delay in delivery of up to 2 more days.

If you select the Bank Transfer as the payment method, after the order is completed, the procedure to be followed will appear on the screen, as well as the account number to which the transfer must be made. Please note that your bank may charge you fees for sending such a transfer. If you choose this payment option, you will have 72 hours from the end of the order to make the bank transfer. During those 72 hours the product of your order will be reserved. If we do not receive confirmation of payment within this time, we will place the products back on sale and your order will be cancelled. The order will be sent on the first working day, from Monday to Friday, from the confirmation of payment.

We will maintain, to the extent that we are entitled to do so, your order and payment details in a secure manner; however, in the absence of negligence on our part, we cannot be held responsible for any losses you may suffer if a third party attempts to unauthorised access to the information you provide when accessing this website or when ordering from this website.

CAMPER will not assume responsibility for delays in the delivery of the goods that arise from the lack of authorisation by the bank.

CAMPER reserves the right to withhold any order for safety reasons. Affected customers will be notified. We also reserve the right to cancel the order when we are unable to verify the shipping and/or billing details, in case this happens we will notify you. We also reserve the right not to accept and/or cancel an order if we believe that the buyer wants to obtain the items for resale.

Purchase Limit

Final customers who wish to purchase more than 10 pairs of shoes should contact the Customer Service Department of the CAMPER online store, where they will be given detailed information on purchase options. Those persons and entities described in Section 1.a and 2.a of Article 14.4 of Directive 2006/112 will be considered as Customers or End Consumers

CAMPER does not permit the purchase of the Products offered through its website for further resale. Thus, the accreditation obtained with the acquisition of the product is personal and non-transferable.

Purchase Characteristics

You may purchase any of our products offered through the website, regardless of your nationality or place of residence, but please note that **we only ship to addresses located in the territory of Belgium.** You can also pick up your order at any of our stores located in Belgium that offer this possibility.

The items offered through this website are a selection of products from the CAMPER collection and meet the same quality and warranty requirements as those sold in CAMPER stores.

Each product contains the following information

- Model name
- Model image
- Sizes
- Materials
- Price in Euros

CAMPER aims to show the colour of its products as close as possible to the actual colour. However, the colour of the products may be subject to variations depending on the monitor quality of your computer. For this reason, CAMPER cannot guarantee that the colour displayed

on the monitor is an exact reproduction of the original. In any case, upon receipt of the purchased product you can exercise your right of withdrawal, return it or exchange it for another, without any justification.

Special offers and discounts will be valid until the indicated date or until there are no more items in stock, whichever comes first.

Our products have a 2-year warranty for manufacturing defects, counting from the time in which the product is delivered. To make use of the warranty within the legal period of 2 years following the delivery of the product, it will be essential to present the proof of purchase. You can do this through the email address customer-care@camper.com.

The warranty does not cover those cases in which the wear or defect is caused by a misuse of the product, or by deficiencies caused by negligence, blows, improper use or handling, or materials subjected to wear and tear due to normal use, as well as those cases in which some of the data of the warranty or proof of purchase and/or the product has been handled or repaired by third parties outside CAMPER.

In those cases that justify the use of the warranty, it will be opted for the repair, replacement of the item, discount or return, in the legally established terms.

Deliveries and Insurance

CAMPER secures each purchase during transit time until delivery at the specified shipping address. All orders handled by CAMPER are delivered by reputable courier companies.

Orders will be processed once the order has been confirmed, the payment method validated or from the receipt of the payment in case of payment by bank transfer.

Delivery times will depend on the location of our warehouses in which the purchased product is located, the place where the shipment is to be made to, as well as the form of shipment you choose.

The shipping costs will appear on the screen at the time of making the purchase together with the estimated delivery time, and may vary depending on the shipping address and the specific mode of each order that has been chosen.

You can find out more about prices, delivery methods and shipping times [here](#).

Deliveries will be made to the address you have provided, but please note that we only ship to addresses located in Belgium.

All deliveries must be signed upon receipt. Once the receipt has been signed, the items will be under your responsibility. We do not deliver to P.O. Boxes.

Deliveries may also be made in any of the Camper stores operated by the corresponding subsidiary of the Camper Group.

No deliveries are made on Saturdays, Sundays or local, regional or national holidays.

In order to avoid problems with deliveries (incorrect addresses, person absent from the address) the corresponding form must be completed correctly, especially the box with the contact telephone number.

From the moment you confirm your purchase, you can check the status of your order in the Your orders section. When your order has left the warehouse, we will send you an email indicating the tracking number of the package assigned by the courier company for the delivery of your item(s), so that you can check with them the status of the shipment. This allows you to see where your order is at all times. You will also receive an email notification when your order arrives at the chosen Camper store. Orders consisting of multiple items can be split to expedite shipping. In this case, we'll send you an email to let you know.

We will notify you of any cause of force majeure that prevents or delays the delivery of the product, with the proposal of a new delivery date without any responsibility for CAMPER. Anyone who prevents the delivery of the order for reasons unrelated to any of the parties, by way of example but not limited to, strikes, war, health or other alerts, flood or other natural catastrophe, lack or impossibility of supplying materials, must be understood as cases of force majeure.

CAMPER will retain title to the items until payment is received.

Order Cancellation

You can cancel your order(s) at any time before it is shipped or before we have started preparing it if it is a custom product. In both case, you will receive the full refund. If your order has already been shipped (i.e. has already left the warehouse) you will have to wait until delivery to be able to cancel the order, although such cancellation will be subject to the terms and conditions established for withdrawals and returns (see section "Withdrawal, changes and returns"). If your order is a custom product and has already begun to be prepared, you will not be able to cancel, return or exchange it, except for manufacturing defects.

To cancel an order, go to the "Your Orders" section and enter the order number and the email address used. The system will automatically show you the order details and if the "Cancel" option appears, you must click on it to cancel the order. If this option does not appear, this means that your order has already left the warehouse or has begun to be prepared if it is a custom product and cannot be cancelled.

You can also contact our Customer Service to cancel your order by emailing customercare@camper.com or by contacting us by phone: (+34)971888101.

Withdrawal, Changes and Returns

Withdrawal

You have the right to withdraw from this contract within a period of fourteen (14) calendar days without justification, except in the case that:

- It is a personalised or custom-made product, in which case you acknowledge and accept that due to the special characteristics of said products, you lose your right of withdrawal, return or exchange.

- It is a sealed product that is not suitable for return for reasons of health protection or hygiene and that has been unsealed after delivery, such as masks, cosmetics or personal hygiene products.

The withdrawal period will expire on the fourteenth (14) calendar days of the day that you or a third party indicated by you, other than the carrier, acquired material possession of the goods.

To exercise the right of withdrawal, you must notify CAMPER, at the address below of your decision to withdraw from the contract through an unequivocal statement (for example, a letter sent by post or email). You can use the template withdrawal form that you can download [HERE](#), although it is not mandatory to use it.

We will proceed to make such refund using the same means of payment that you have used for the initial transaction, unless you have expressly provided otherwise; in any case, you will not incur any expense as a result of the refund. We may withhold reimbursement until we have received the goods, or until you have provided us with proof of return of the goods, whichever condition is first met.

You can choose between us collecting the goods, in which case we will bear the costs of returning the goods.
